

GOVERNING INHERITANCE STATUTES
AFTER THE ENTRY INTO FORCE
OF EU SUCCESSION REGULATION

GoInEU

THE LOGO REPRESENTS THE PROJECT IN ALL ITS ESSENTIAL ELEMENTS.

It symbolizes how, under the guidance of the European Union - to be found in the twelve stars of the founding countries - new procedures are activated and applied in an orderly and uniform manner following the recent entry into force of the European Regulation on successions - identified in the prospective circles which are directed towards and in turn come from the European Union.

The latter is obviously a cornerstone of certainty and respect for Community law.

This Project is funded
by the European Union's
Justice Programme 2014-2020

The **GENERAL OBJECTIVE** of the action is: to contribute to the correct and coherent application of the Succession Regulation through analytical and capacity building activities targeting legal practitioners.

The **SPECIFIC OBJECTIVES** of the action are: 1. analyze the impact of the Succession Regulation in its first years of application with regard to: (i) migrant families; (ii) family models with different degrees of recognition in Member States; (iii) relationships with the new Family Regulations; (iv) successions interested by alien contractual schemes; (v) status filiations constituted abroad (vi) inheritance of digital goods; 2. capacitate legal practitioners to correctly apply the Regulation in their daily practice and in cross-border situations.

PLANNED ACTIVITIES are: (i) publication of peerreviewed research & analysis papers as well as a volume; (ii) development of training content for sessions in presence and an e-learning course hosted on a MOOC platform; (iii) external evaluation of project activities implementation and preliminary impact.

PERSONS BENEFITING FROM THE PROJECT are: mainly notaries (40%), lawyers (30%), judges (10%), public officers involved in successions (10%), and also academics (10%). About 120 persons attend each planned training session, more are involved in research and analysis.

EXPECTED RESULTS are: (i) uniform application of EU law that is fostered; (ii) EU citizens and migrants are better informed of the current implementation of EU law and trust their successions are recognized in Member States; (iii) discrimination against different family structures are effectively tackled; (iv) contribution to studying the impact of migration and the new emerging technologies on inheritance law is provided.

OUTPUTS to be produced are: (i) a questionnaire on EU succession law distributed to legal practitioners; (ii) training content for in presence training, 1 e-learning course; (iii) published papers and volume; (iv) practical cases collected; (v) 3 training sessions and 1 final conference; (vi) project website; (vii) evaluation reports.
