

The Conference opens the implementation of an EC - DG Justice funded Project, with partners from Italy, Spain, Hungary, Portugal, and France, that will last from 01 October 2018 until 30 September 2020. Its objective is to contribute to integration, promoting an analysis of the impact of **migration on European family & successions laws**, with particular regard to institutions stemming from different cultural traditions and religious dimensions. The results will be: **(I)** uniform application of EU Law; **(II)** legal professionals trained to handle family & successions issues connected to migration; **(III)** avoiding discrimination; **(IV)** reduction of social conflicts.

In particular, the speakers will deal with the concepts of **public policy** and **cultural cohesion** in the application of family and successions laws, as well as with specific issues, such as the impact of **islamic divorce** and of **Kafalah**. In this framework, also other pressing problems will be tackled, with a focus on the Inheritance law aspects of **cryptocurrencies** and on the certification of **cross-border successions**.

The Conference will encompass an **open debate** with participants from different countries' **universities** and **legal professions**, but also from **associations** and European as well as local **institutions**.

THE LOGO REPRESENTS THE PROJECT IN ALL ITS ESSENTIAL ELEMENTS.
The logo symbolizes the European union – to be found in the twelve stars representing the ideals of unity, solidarity and harmony among the peoples in Europe – as the source of the normative provisions, new procedures and coherent application concerning the Family and Succession Regulations. Identified in the prospective circles which are direct toward and in turn come from the “source” European Union. “Plus” as an approach in a project that is the fruit of a successful and further developed shared experience.
